## BENEFITS OF WORKSHOP

Integration of Information, Communication and Technology (ICT) will assist teachers to the global requirement to replace traditional teaching methods with a technology-based teaching and learning tools and facilities. ICT is considered as one of the main elements in transforming the country to the future development. ICT integration has a great effectiveness for both teachers and the students. The professional development training programs for teachers played a key role in enhancing students' quality learning. The aim of the workshop to be literate and have good skills, knowledge in using ICT to improve their teaching methods and approach is desired to promote effective learning as well as to meet the demand of the 21<sup>st</sup> century teaching skills.

---
